

DeckWise® Product Compatibility Certificate

Certificate of Compatibility & Performance

This certificate confirms that the wood products “**Thermo Couratari spp**” supplied by **TIMBRA TECH®** Portugal have been tested in combination with selected DeckWise® products. Based on controlled testing and evaluation, DeckWise confirms satisfactory compatibility and performance under the conditions described below.

Tested DeckWise® Products

- DeckWise® hidden deck fastening systems (clips and screws)
- DeckWise® WiseCoat® wood protection system

Scope of Testing

- Mechanical strength and performance of DeckWise® clips
- Installation behavior and fit of the fastening system
- Adhesion and penetration of WiseCoat® on the tested wood species
- UV exposure behavior under simulated outdoor conditions

Test Results

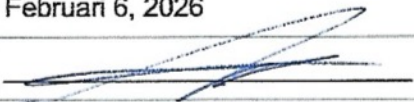

The tests confirmed proper performance and compatibility of the DeckWise® products with the tested wood materials, with no adverse interactions observed when applied according to DeckWise® guidelines.

Statement of Compatibility

DeckWise® confirms that its fastening systems and WiseCoat® products are compatible with the tested wood products supplied by Timbra Tech, provided installation and application instructions are followed.

Important Notes & Disclaimer

This certificate confirms product compatibility only and does not constitute a project-specific guarantee or extended warranty. Final performance depends on correct installation, environmental exposure, and maintenance.
